

# INVENTOR

- Mats Nilsson at the Swedish R&D engineering company - Trulstech Innovation KB - is the key person in all of the chemical formulations and is seeking to provide knowledge transfer with the sale of the product developments IP chemical compositions and formulas.
- Besides selling the product developments IP and formulas, Mats Nilsson at Trulstech Innovation KB is willing to consult and make sure all of the necessary knowledge to successfully reproduce the products occurs. For a small retainer or employment contract, he is willing to consult initially, for a limited time period of one year, to ensure a smooth transition process.

*"I focused on food grade chemicals in quantities and concentration acceptable for human organs to manage without any health problem."*

*-Mats Nilsson, Inventor*
